The Initial Burden reflects the cost of the *Worker Comp*, as well as the cost of the *SUTA* for the Juris selected and the *FUTA* costs.

The *Worker Comp* code and costs can be changed by selecting a different Worker Comp Code.

The *SUTA Juris* can be changed by select another State.

Both the *SUTA* and *FUTA* rates can be excluded from the Gross Profit calculation by clicking to remove the "x" from the corresponding fields.

Regular: Key in the *Pay Rate* and *Bill Rate* which will calculate the GP%, GP Amount and Markup The *Pay Rate* and *Bill Rate* can be changed to get the desired effect you are looking for.

These amounts will automatically populate from the Order you are currently on when you open the Gross Profit Calculator.

Overtime & Doubletime: This will display the *Overtime/Doubletime Pay* and *Bill Rates* as well as display the *GP %* for Overtime/Doubletime, the *GP Amount* for Overtime/Doubletime and the *Markup* for Overtime/Doubletime.

The Overtime/Doubletime Pay and Bill Rates can be changed to get the desired Gross Profit.

OT Plan:

By changing the *Number of Hours per Week* and the *Number of Weeks* your people will be working and, if applicable, you can change the *Overtime plan* to reflect the Overtime you'll need to pay on this Order.

You can also add expected *Expenses* you will have with this order.

These changes (*Number of Hours per Week, Number of Weeks, Overtime and Expenses*) will be reflected in your *GP Amount*.

The Green/Yellow/Red highlight in the *GP%* fields are based on the Desired GP from either your database or from the Customer/Department Desired GP.
